

## Environmental Policy Statement

Carmet Tug Co Ltd is committed to the protection of the Environment, the minimisation of Environmental impacts, the prevention of pollution and the continual improvement of our environmental management systems, throughout the activities of our business.

The Company will carry out its operations conforming to the requirements of ISO14001:2015, and according to the procedures given in the Integrated Management System, to promote good Environmental practice and sustainability and complying with all relevant Environmental law and statutory provisions.

The Company will ensure that facilities, finances, information, instruction & training are provided as necessary to all personnel to fulfil their roles and responsibilities for Environmental management control.

The Company are committed to:

- Ensuring all operations are conducted in accordance with relevant legislation and industry guidance.
- Promoting a positive culture towards environmental awareness.
- continually improving the environmental management skills of shipboard and shore-based personnel including preparing for emergencies related both to safety and environmental protection

This policy, and the associated objectives targets and procedures in the Integrated Management System, will be formally reviewed at least annually. Changes may be implemented at other times as required by changes in company activities and external requirements.

This Company Environmental Policy will be displayed prominently and will be made on available on request to all interested parties.
